

SHAM

Full Stack Developer

Islamabad, 44000 Pakistan • +923428008672 • shamtarani05@gmail.com

SUMMARY

Tech-savvy Full Stack Web Developer with 1 year of hands-on experience in both front-end and back-end development. Proficient in core front-end technologies as well as server-side languages, with strong expertise in databases including Oracle, MySQL, and MongoDB. Skilled in creating robust servers, designing and developing APIs, and building functional, scalable web applications. Known for a precise, analytical approach and a strong collaborative mindset, consistently delivering high-quality results in dynamic development environments.

PROJECTS

Frontend Developer

AegleCove – Healthcare Platform

Tech Stack: React, Node.js, Spring Boot, File-based System

- Designed and developed a responsive frontend for a healthcare platform focused on personalized medical guidance
- Integrated core features including symptom analyzer for preliminary self-assessment, user accounts for both patients and doctors, and smart suggestions for medicines, specialists, and nearby hospitals
- Collaborated with backend developers to connect RESTful APIs built in Spring Boot
- Ensured intuitive user experience across all components, prioritizing accessibility and ease of use

Full Stack Developer

AegleKart – E-Pharmacy Platform

Tech Stack: React, CSS, Express.js, MongoDB, Supabase

- Designed and implemented a responsive e-commerce layout for medicine browsing and purchasing
- Integrated medicine metadata, filters, and categories for a seamless shopping experience
- Developed cart functionality, product cards, and secure order submission
- Ensured user-friendly UI/UX with clean design and mobile responsiveness

Full Stack Developer

ShopChic - Clothing Website *(In Progress)*

Tech Stack: React, CSS, Node.js, Express.js, MongoDB

- Working on the design and frontend of a clothing e-commerce platform
- Focused on responsive layout, product listing UI, and user-friendly navigation
- Integrating with backend for order management and inventory
